EDUCATION

JECRC University

Bachelor of Technology in Computer Science — 92.7%

Jaipur, Rajasthan

2022 – 2026

EXPERIENCE

Full Stack Developer Intern

May 2026 – Present

Vigyapun Limitless

Jaipur, Rajasthan

- Developed the official INSD Jaipur website with powered lead capture workflows, conversion-focused UI improvements, transforming a non-functional inquiry pipeline into 5+ qualified weekly leads.
- Built the official Vigyapun Limitless website with optimized service workflows, responsive UI architecture, and lead-focused user flows to strengthen client acquisition and digital outreach.

Java Full-Stack Intern

Feb. 2026 – May 2026

Pratham Software Pvt. Ltd.

Jaipur, Rajasthan

- Built backend modules for an HR Appraisal System using Java Spring Boot, implementing role-based workflows for Employees, Managers, and HR administrators.
- Integrated JWT-based authentication and Spring Security to secure protected REST APIs with role-based access control across appraisal and review workflows.
- Developed full-stack appraisal features including self-assessments, manager reviews, appraisal cycles, and performance tracking dashboards using React and TypeScript.

PROJECTS

Mocker - Mock Test Platform | Next.js, TypeScript, Prisma, Clerk

Oct. 2025 – Nov. 2025

- Engineered a real-time exam engine supporting timed assessments, dynamic question tracking, and automated evaluation for 5 question types.
- Built performance analytics modules to generate topic-wise insights and accuracy trends for standardized test preparation workflows.
- Integrated Recharts-based analytics dashboards to visualize user pacing, score distribution in real time.

MG Web OS - Portfolio | HTML, CSS, JavaScript, Node.js

Aug 2025 – Sep 2025

- Designed and implemented a retro-inspired Web Operating System portfolio optimized fluidly across desktop and mobile devices.
- Built multiple responsive, interactive built-in native applications including custom versions of Snake, Paint, Notepad, and a digital Resume app.
